

Tab on Demand – Third Party Batch Processing Implementation

August 27, 2008

HIGH IMPORTANCE

The Division is replacing the pre-printed month tab indicator and year tab with the new Tab on Demand (TOD) Decal form. This form will be printed in a batch process to a designated Third Party printer.

TOD project is scheduled to “roll-out” to the, Batch processing Authorized Third parties, prior to the end of the year.

Along with the implementation of this project, all batch processing third parties must meet certain printer specifications. Prior to purchasing a printer approval by ADOT is required. To determine the printing platform that best suits your needs see below information:

Printer MFR	Model #	Printer Type	Suggested Settings	Duty Cycle	Estimated Price Range
			* Please note: Settings are subjective and may vary from printer to printer. We recommend initial and periodic testing to ensure print quality.	** Please note: Monthly duty cycle rating is based upon an 8.5 x 11 page cycle. When selecting an appropriate printer model for production, other factors to consider are daily and/or hourly production volume. We recommend consulting with your printer equipment supplier.	
HP					
	4240	Desktop or large network	Test for best setting	PPM 40/150,000 Monthly	\$800-\$1,300
	4250	Desktop of large network	Test for best setting	PPM 45/150,000 Monthly	\$800 – \$1,000
IBM					
	InfoPrint 21	Large network	Test for best setting	100,000	Discontinued
	InfoPrint 40	Large network	Test for best setting	75,000	Discontinued
Kyocera					
	FS3820	Large network	Test for best setting	PPM28/100,000	\$860
	FS9500	Large network	Test for best setting	100,000	Discontinued
	4000 series	Large network	Test for best setting	PPM45/250,000 monthly	\$1,100

Lexmark					
	T620	Desktop or large network	Cardstock 600 dpi	150,000	Discontinued
	T630	Desktop or large network	Cardstock 600 dpi	175,000	Discontinued
	T632	Desktop or large network	Cardstock 600 dpi	200,000	Discontinued
	Optra T640	Desktop or large network	Test for best setting	PPM35/200,000 monthly	\$600- \$1,000
	Optra 642	Desktop or large network			
	Optra T644	Desktop or large network	Test for best setting	PPM50/200,000 monthly	\$900- \$1,400
	W840dn	Large network	Cardstock/1,200dpi	PPM50/300,000 monthly	
Samsung					
	ML3560	Large network	Test for best setting	120,000	Discontinued
	ML3561	Large network	Test for best setting	PPM35/120,000 monthly	\$880
Xerox					
	DP180	High capacity	Test for best setting	5,000,000	Discontinued
	Docutech 135	High capacity	Test for best setting	1,100,000	Discontinued
	Docutech 4635	High capacity	Test for best setting	Not available	Discontinued

Note: Once you have determined the printer you are going to purchase please contact Becky Burk at (602) 712-5720.

Thank you in advance for your cooperation.
